## Help your Neighbourhood House

*A nurturing environment for the whole community to connect, share,  
dream, be inspired, grow and laugh*

Kununurra Neighbourhood House is a not-for-profit family support service committed to providing emotional and practical support within our community by preventing isolation through the development of support groups, networks, education and information available to individuals and families.

As with many regional towns, the population of Kununurra is transient making KNH's role in the community an important one, reducing isolation by assisting individuals and families as they adjust to the Kimberley lifestyle without the normal support networks.

Whether it's making friends, learning a new skill, finding help or seeing a new idea come to fruition – you will find it at Kununurra Neighbourhood House.
